*A Charity Fundraiser in March 2007  
From the producers of  
Rangoli ... Taraana ... Ram Leela*

*“Kohinoor... a priceless legacy”* is all about the beauty and grandeur, the energy and magnificent humanity that is India – a land rich in culture, customs and traditions, rich in wisdom, rich in spirituality, rich in diversity – an innovative land! The production will showcase the amazing and incredible contributions that India has made to the world, while at the same time capturing nostalgic memories, the delightful variety of characters and the everyday happenings that make the country so special for all of us. Our goal is for everyone – performers, participants and the audience – to experience a newfound respect for India and all things Indian.

The show will last for two hours, and will be presented twice – in the afternoon and the evening. In between the two shows will be a bazaar in the lobby and a delectable selection of North and South Indian cuisine.
